

# BILLSTORE

Welcome to the BillStore Help Center.  
Here you will find all the guides you need to get started quickly and easily.

## Manage my subscription

With BillStore, you can start for free and test all essential features for 14 days with no obligation, directly in practice.

Only after the trial period ends do you decide which subscription package suits your needs.

You can access your subscription through "My Profile."

During the free trial period, you can use features such as:

- Create unlimited invoices for 14 days
- Generate invoices as e-invoices or PDF
- Visualize and validate e-invoices
- Cancellation and correction invoices
- Payment reminders including reminder fees
- Mail server integration
- Add your own logo
- Customizable text templates
- Customer and product management

The trial period ends automatically after 14 days.

Afterwards, you can choose a suitable subscription plan.

The screenshot shows the BillStore website interface. At the top, there is a navigation bar with the BillStore logo and links for HOME, CUSTOMERS, INVOICES, PRODUCTS, XBILLCON, MY ACCOUNT, ENG, and LOGOUT. Below the navigation bar, a sidebar on the left contains links for Company details, Invoice settings, and My plan. The main content area is titled "BillStore grows with you ..." and contains the following text:

With BillStore, you can create and manage your invoices quickly and easily in one central place. The software streamlines your daily workflows, reduces administrative effort and saves valuable time.

Start for **free and test it for 14 days** without any risk, using all important features directly in practice. Only after the trial period ends do you choose a package.

If your company grows or your requirements increase, you can flexibly switch to a larger package at any time. Switching to a smaller package is of course also possible in compliance with the notice period.\*

Until 31.10.2026, all subscriptions receive a 20% introductory discount.\*\*

Below the text, there are two tabs: MONTH (selected) and YEAR. Underneath, there are four subscription packages:

### 3. Change package

If your business grows or your requirements increase, you can upgrade to a larger package at any time.

Downgrading to a smaller package is also possible, subject to the applicable cancellation period.

The screenshot displays the BILLSTORE interface in 'Test mode'. On the left, it identifies the user as 'Kazarova & Cerkasov GbR' and notes their partnership with Stripe for simplified billing. A navigation link points back to the user's profile. The main content area, titled 'Update your subscription', shows a breadcrumb trail 'Billing > Subscriptions' and two tabs: 'Monthly' (selected) and 'Yearly'. Below this, three subscription packages are listed: 'Package S' (€8.00 per month), 'Package M' (€12.00 per month, highlighted with an orange border and marked as 'Selected'), and 'Package L' (€20.00 per month). Each package has a 'Select' button. At the bottom, the 'Subtotal' is shown as '€12.00 per month' with a 'Continue' button.

### 4. Change payment method

Under "Change Plan", you can anytime:

- Change payment methods
- Add new payment methods
- Update billing information

**Note:**

If your business grows or your requirements change, you can flexibly upgrade to a larger package at any time.

This ensures your subscription always matches your current needs.
